WITH THE WHITE 1921

---

Brand new from this season, the White 1921 offers a charming getaway in the Tropezian province escorted with a guide who will show you the hidden spots and breathtaking viewpoints.

**9AM**

---

Stylishly geared with your favourite panama hat, meet your guide for the day at the White 1921's reception and prepare to leave on a day trip that will unveil some of the region's most beautiful treasures.

At the wheel of your own Mini Moke, Saint-Tropez's legendary automobile, drive through the town's picturesque streets and enjoy the morning sea-breeze as you cruise along the shore and slowly reach Ramatuelle, a medieval inland town with a remarkable natural heritage. Surrounded by wooden hills and enchanting vineyards, this quiet haven, with its lovely ochre and pastel facades is the epitome of Southern France charm. Its hill-top location also provides a unique view over the Pampelonne bay.

Further up, at the charming village of Gassin, awaits an even more breathtaking view over the gulf of Saint-Tropez. A ride through the Maures forest allows you to marvel at the sculptural "parasol" pine trees and leads to the inviting and peaceful village of la Croix Valmer before reaching the Tourraque Estate.

## 11AM

Swap the Mini Moke for a jeep and get ready to explore the estate's vineyard, nestled between land and sea. During your tour, you will also have the opportunity to visit the wine cellars and learn about the wine-making process as told by the estate's sommelier.

## 12AM

---

After a morning filled with discovery and sun, enjoy a gourmet lunch in the intimacy of the domain's private beach. Feet-in-the-sand, marvel at the exceptional beauty of the site, only accessible from the Tourraque's vineyard or a hike along the coast. A delicious lunch awaits you on a wooden table all laid in white under the shade of the pine trees. Enjoy the best local specialties and taste the estate's best vintages while your Chef prepares a fresh fish barbecue before you.

## 2PM

After a well-deserved sweet and cup of espresso, take a dip in the sea, nap lulled by the sound of the waves or have fun with the Maison's personalized cards game that will be offered to you.
